Just a heads up, per Sven, SEPW is likely to introduce the attached version for a June 19 markup, and they may want a call with EPA on some of our TA.

PFAS TRI Team – thanks for the most recent TA. SEPW is likely to introduce the attached version for a June 19 markup, although I'm advised that they are considering requesting a call later today to work through a few details based on the TA we just sent (also attached). I'm checking for folks availability in case we need to do a call tonight. Thanks,
Sven
